# ONCE UPON A TIME

There was a princess in and ancient land  
Evil Indian wizard thought is gonna be mine  
1,2,3 some fancy moves and an "Alakazam" ... for love

Flew through all those centuries to land in our time  
Two little babys, hard job really bad life  
Woke up from her sweet dreams to get in our minds, for love

Dawn used to surprise us making love  
Spending awake whole night  
Nothing seem to stopped us  
I was wrong, was wrong, all right

Everybody thought she was a rolling stone  
For her the worst thing was being part of this world  
Getting high was the only ticket were she belonged (for us)

More than thousand reasons made her want to die  
Couple of breaths of life made her change her mind  
Woke up from her sweet dreams to get in our lives, for love

I'm not gonna blame you for kicking my ass  
You wanted to be on your own  
I was depressed now I'm feeling fine  
for you, for love, allright.

Being alive, there's never been nobody  
Since I was dead there's always been somebody  
I'm sorry was dead before I died

Syd Barret I was dying inside , step away from this live...  
Understanding, can be done for nobody  
Being around couldn't go to your parties  
there's no one feel like Kurt Cobain  
By your side there's always complain,  
I'll rather leave you this morning ...

Like Brian Jones drawn in pool of feelings  
nothing to shave theres always get me to release  
I hate you theres no one by my side  
Harrison how could you be that shy, your voice will raise to the future...

## CHANGE MY MIND

This is the story of a man  
That was out of the zone  
Once he got that car and girls  
He thought he was on the top  
Everything he got  
Is right part of him  
Belongs possessions state  
will be always that way to be  
He knows you like his face  
The pretty tan of the skin  
I know your dream would be  
To spend a night with him  
That bed is big enough  
Don't be on the run  
But don't fall sleep you  
must go when you can

Come with me for a diver  
Get in my flashing brand new car  
I know you want me baby  
I'll give you just a night  
And if you want to hold me  
You can just step aside  
And if you feel honeq  
I'm the man that you can trust

He thought he was so cool  
He dressed so fashion and smart  
But he forgot to grow up  
other the things inside  
He said there is no god  
There's nothing more than this life  
So if I hurt you  
everything will be all right

If you think I'm not honest  
Just take a look to all your lives  
You think you love your parents  
Only cause they grew you up  
Friendship is only interest  
You scratch my back and I scratch yours  
At least I say what I feel  
Who's honest and who is not  
change my mind, change my mind

## AGAIN

You've been a slag is over  
I saw you by his hand  
My friends all say I told you  
Were always someone else

Forgive you many times now  
I think that's just enough  
Could give you another chance or  
Can tell you to piss off

I felt kind of rejection  
You didn't like me in bed  
I thought could not be single  
Now I know I would do it

Again, again....

I know the chicks do like me  
They'll give me a little love  
Your sister played games with me  
After you broke my heart

There's been so many reasons  
You'll think I'm just a prick  
At night were always headaches  
I just dumped you and I would do it

Again... C'mon Motita  
Again

## TROUBLES TO DELIVER

Mary took those troubles to deliver  
Straight ahead the road of proper life  
Dreaming is good but only when you are sleeping  
Why to choose when there's an easy way  
  
After we spent those hours together  
You're back to the moon that's where you belong  
Sparks in your eyes want me to kidnap you  
and show you the world that we wanted to go to share  
Why did you put bandage in your eyes  
Why don't you jump where you want to go  
The world is waiting for people like you  
who wants to find out who they really are today  
  
Come to me  
your corner in the whore  
house, stars  
and clouds will cover you up  
  
Enchantment is gone right to her marriage  
We represented the part of happy laugh  
Now she is part of what a sheep would take  
You cannot kick the things you really like  
  
How can you turn your back to be happy  
Did you forget the way to your smile  
(I really miss those days were we ride  
And we laugh 'cause no one told us now wake up!  
  
Why don't you sing when is what you want to  
You don't deserve your voice in a cage  
I want you to stand tall and scream and to say  
what is in your heart what is in your country soul  
  
Dance with me  
the way we did it once  
now I know  
you cannot stop in your dreams

## DEAR BETTY BOOP

It's getting hard to stand all by my self  
Since I'm not with you

My life is over  
I'm not alone I'm going out with her

In so many ways  
This world is not good

She does love me and all that usual crap  
In a different way

My life is over

Just getting out and see a different place  
But since yesterday

Blue is my colour

Whiskey will make me forget  
Choosing the night over day

Tired when I'm out with her  
Feeling there's nowhere to play

Pissed off for all the cards I've always played  
And as you have seen

My heart is broken

It's getting bad to spend a life with here  
And I'm getting down

My heart is broken

Whiskey will make me forget  
Choosing the night as a day

Tired when I'm out with her  
Feeling there's nowhere to play

On and on... I keep on trying  
But since yesterday

My life it's over

On and on... I keep on trying  
But since yesterday

Blue is my colour

## WHISKEY

(WILL MAKE ME FORGET)

# H.H.H.

There's no reason why  
you threw my things away  
if you don't understand, i'm going out  
bad to be myself  
if you are the one i love  
wanna be with you something i know

Take take take  
you took my heart heart heart  
won't give you my whole soul is all i got

Chase chase chase  
what did you said said said  
Let me be alone want to relax

Beers and cigarettes  
till the day i'm gone  
no way to understand a girl like you  
beers and TV  
but let me be alone  
I've payed for all you lives it's all i got

Pay pay pay  
is all you get get get  
from your stupid live there's no return  
Type type type  
if you can try try try  
Type to get your wage what can you do

Take take take  
you took my heart heart heart  
won't give you my whole soul is all i got  
Chase chase chase  
what did you said said said  
Let me be alone want to relax  
Let me be alone want to relax  
Let me be alone want to chill out

# FINALIST SONG

This is the Finalist song  
we are believers  
saucer will take us up  
will leave this planet to a starry sky

this is the Finalist song  
universe a place to go

This is the Finalist song we go to a railway  
we go from this world  
totally insane for you  
who knows the truth who knows all this fact

this is the Finalist song  
chasing all our dreams to come  
this is the Finalist song

We'll wait for you in another world

Chasing searching looking for a meaning of Jehovah's son  
I don't judge you don't judge let me be a free mind for leaving this world  
I don't blame you please don't blame flying in a saucer what a beautiful Land...

this is the Finalist song  
we are believers and we know what we want  
saucer will take us up  
will leave this planet to a starry sky

this is the Finalist song  
universe a place to go  
this is the Finalist song  
this is the Finalist song

## MUSIC MARKET

Give me your brain children  
I like the taste of whisky  
Specially when is from your dad  
Fill the account in my bank  
That's what is music  
Lying cheating climbing is what makes you launch  
Don't really think about you a zombie has no life  
I want to spend your cash  
That's where i keep my mind  
I want to rip your hearts  
That's because you already died  
In the mall you are buying  
Murder bussiness trap is after all this shit  
I'll extend my claw to get you  
I'm the skull with empty eyes  
I raise up my finger and say fuck off  
I won't do what you are saying  
Cause you're telling me so  
I'll copy from the net what I want to stole  
I say

## YOU WON'T BRING ME DOWN

You won't bring me down  
Mind and soul are over are aside  
I feel reject  
My dreams and friends will help me at this time  
Feel isolated into devastated  
My head keeps spinning around  
Living under pressure  
Release will be my leisure  
Can't help it I feel bad  
Waving to all these dreams they're in the past  
Diving in a nightmare is my life  
You won't bring me down  
No way to get a balance after that  
I'm going to die  
Just hold me and don't let me make that jump

## LADY CLOROFIL

I don't understand you hate my world of fantasy  
Charlie is always been by my side  
Me and him together, going out through every night  
He just wanted me to feel so high  
Is not just weed,  
make me feel all right,  
Lady Clorofile.

Provacs, Valiums, good things for the whole society  
Will take you to the same world as a live  
Always you were thinking was a guy under your feet  
An addict is not just a dodgy guy  
She's not just a plant,  
means so much to me  
Lady Clorofile.

Lady Clorofile  
your leafs are the fruit of my desire  
Lady Clorofile  
your leafs are the fruit of my desire

Took a step away from whole your proper lives  
You tell me what is good and what is bad  
Me and him together, going out through everynight  
He just wanted me to feel so high.  
Don't let me be in their side  
step into my mind  
Lady Clorofile.

Lady Clorofile  
your leafs are the fruit of my desire  
Lady Clorofile
